Re: Contesting the termination of Delphi Health Care to Retired Salary Employees and families

Debtor: Delphi Corporation  
Case #: 05-44481

One week ago I received a letter from Delphi Corporation that my health care benefits were ending as of April 1, 2009. I retired from Delphi in Oct of 2002 with a contract stating that I would have these health care benefits for life, for myself and family.

Two years ago I lost my health care benefits due to Delphi canceling benefits when I reached age 65. Now Delphi has decided to cancel the benefits of my family. I am on a fixed income and \$1,200 per month for health care is unobtainable.

I would ask the court to rule against Delphi in this case.

Sincerely,

Richard Falkenberry
